**Q: What does a typical day look like? For K? For TK? How is the TK program different than the K program?**

A: Harding is shifting to workshop model instruction schoolwide. TK and K have reading, writing, and math workshop (about 10 minutes of direct instruction with up to 30 minutes of student activity/work time. This model allows for hands-on, inquiry style of learning with differentiated teacher feedback and support from small group instruction and individual conferencing. All students have daily PE, recesses, and weekly library and arts instruction. The TK academic program does not go as deep as K. TK students are introduced to all the same academics, school routines, and expectations but mastery is not expected. As younger students, we find that TKs need this time to be ready, confident, and successful kinders.

**Q: How does Harding assign homework?**

A: Teachers at Harding have been looking at the latest research and our student reading, writing, and math data to inform their expectations and practice. In general, you should expect daily reading. Writing, math, and special projects will be assigned to extend classroom instruction if it benefits student learning and family involvement. We value family time and recognize the benefits of a variety of enhancement and family activities outside of the school day.

**Q: What enrichment curriculum is available at Harding?**

A: The Harding PTA, through ongoing fundraising efforts, supports gardening, visual art, music, theater, and dance education at the school. Individual offerings vary per year and by grade level, but currently, lower grades (TK-3) receive weekly vocal music instruction and one trimester each of visual art, dance, and gardening. Upper grades (4-6) receive 2 trimesters of theater, dance, or visual art and one trimester of gardening. They can also participate in the district-sponsored weekly instrumental band program.

**Q: What after-school enrichment classes are available?**

A: The Harding After School Enrichment Program (HASEP) offers classes during three 8-week sessions per school year on a wide variety of topics including sports, arts, science, and more. Separate fees apply and PTA-funded scholarships are available as needed. Look for enrollment information in your Wednesday folder. Enrollment is managed through the city's recreation department. You may find information on their web site at: <http://ca-elcerrito.civicplus.com/>

**Q: What lunch options are available?**

A: Hot lunch with a salad bar is served daily on site for \$2.50. The monthly menu is sent home and also available online on the district web site under Food Services. You may apply for a reduced-price or free lunch at [applyforlunch.com](http://applyforlunch.com), or request a form at the school office.

**Q: What is the school's nut or other food allergy policy?**

A: Nut and food allergies are determined on a per-class basis. If a classroom has a child with a nut allergy, there is a pink sign on the door that lets everyone (staff, students, and volunteers) know that no nuts are allowed in the classroom. At lunchtime, students may sit at a specially marked table designated as a nut-free zone to avoid cross-contamination.

**Q: What are the start and end dates of the school year?**

A: You may view the district calendar for the current and upcoming years on the district web site ([www.wccusd.net](http://www.wccusd.net)), then under "Resources for..." > Parents > Academic Calendar.
