

## THE GIVING CAMPAIGN SPOTLIGHT

# FIELD TRIPS

The PTA helps to fund class field trips each year. In past years some of these field trips have included the San Francisco Academy of Science, Bay Area Children's Theater, CAL Performances at Zellerbach Hall, and more!

**New this year** the PTA has funded a 6th grade overnight trip to Nature Bridge's Golden Gate Environmental Science Center in Sausalito. Students will spend 3-days, 2-nights immersed in the coastal landscape engaging in inclusive, hands-on learning experiences. While students explore Rodeo Beach and the trails of the Marin Headlands, they will build meaningful relationships with each other and the natural world.
