*REGISTRATION IS AS EASY AS 1-2-3!*

We are excited to begin weekly Walk N Roll at Harding Elementary! We aim to foster a culture of **active transportation** and **climate change awareness** while building **healthy habits** that can last a lifetime by encouraging our whole community to get to school in an active way or by carpooling**. We do this EVERY WEEK through Walk- N-Roll**

**1.** Today your student received a key tag with a unique bar code. Attach this tag to their backpack. **Pro tip:** Use a lower zipper to avoid snagging your child's hair.

**2.** Register your tag by scanning the QR code that takes you to the Scantoschool website. Find our school and register. You will be prompted to enter the barcode number on the tag, a username, default distance, mode of transit, and contact.

## Help! I have to drive to school!

"For your child to participate in the Harding Walk and Roll program and earn charms they should ideally walk or roll (bike/scooter/ rollerskate) or carpool (multi-family) to school. Students may also participate if a car drops them off outside the red areas shown on this map. We appreciate your help in reducing traffic congestion and improving the safety of our student community."
